

## Erasmus+ UK Programme

### Centralised Action Application Results 2014 – 2017

February 2019

#### Introduction

The Centralised Actions data tables provide overall statistics on UK-led applications for Erasmus+ centralised action funding. The source for these is the Erasmus+ [project results compendium](#) which are collated and published by the Education, Audiovisual and Culture Executive Agency (EACEA) located in Brussels, Belgium.

The Erasmus+ Centralised Actions are managed at a European level by the Education, Audiovisual and Culture Executive Agency (EACEA). These actions give opportunities to students, trainees, staff and volunteers to spend a period abroad to increase their skills and employability. They also support organisations to work in transnational partnerships and to share innovative practices. The funding for Sport supports grassroots projects and cross border challenges such as combating match-fixing, doping, violence and racism.

The information supplied in the data tables includes the following:

Table 1: Number of UK-led successful Erasmus+ centralised action applications

Table 2: Grant (€) awarded to UK-led successful Erasmus+ centralised action applications
