

Top Tips for Youth Key Action 347 Final Reporting

Version 2: 11 November 2020

This document looks at the content you will need to include in your Final Report and how to ensure that it is high quality. You need to think carefully about your project and give clear detailed answers. These answers will need to be supported by examples, to make sure that your final report reflects what has happened over the full duration of your project.

Please note that the final report should not simply be text copied and pasted from your original application form.

Know your project start and end dates

All Erasmus+ project activities must take place between the project start and end dates. Your project start and end dates are found in your Grant Agreement Article 1.2.2. Any activities that take place outside of these dates will not be eligible for funding.
